Bret Nazworth:

If you could make a difference in the world, would you? Your first response might be, "I'm not a world changer. I am just little ole me." What if I told you that you could have true impact on this world, an impact that is totally in line with God's plan for the world right now?

Jesus Christ said, "I will build My church." (Matthew 16:18) He did not say He wanted to build His nation, e.g., Canada, USA, Mexico, or Russia, His healthcare program, or any other human plan (though history teaches that when the church flourishes in a community or society, profound and extensive societal changes often occur). Right now, Jesus Christ is busy building one thing, His church. Ultimately, as He predicted, His church will be comprised of people from every tribe, tongue, people, and nation!

Jesus Christ wants you and me to work with Him by making disciples according to His plan. The disciples we make become new stones in His worldwide church-building project. And every God-centered church within a community easily perpetuates the disciple-making process. What a nifty plan God has!

So, how can you make a real, world-impacting difference? Matthew 28:19-20 and 2 Timothy 2:2 tell us that God's process of disciple-making includes every faithful believer. By learning God's plan through His Word and obeying it, you, too, faithful brother and sister, can become a disciple-maker and as such a world changer. As you learn to teach others the truth from God's Word, you will see lives transformed in sequence. In other words, by working with Christ in His disciple-

making project, you can actively participate in changing the world!

Please do not undervalue your participation or underestimate your contribution. Christ boldly put all His eggs in the disciple-making basket. He believes in the power of His plan. Do you?

...the church of the living God [is] the pillar and support of the truth... 1 Tim 5:15b

Prayer Requests:

God has opened doors for DM2 in Russia. Pray for all the logistics for this effort. Continue to pray for curriculum development and translation. We are currently working on the books of Revelation, Daniel, Zechariah and Zephaniah. Pray for several revisions that are being done on various curricula. We hope to resume our efforts in Sierra Leone and Liberia this fall. Also pray for our teams going to Asia and Zambia in April. Thank you for your consistent prayers for the needs of DM2. Your participation in prayer is vital to making disciple makers around the world.

MARK MUSSER:

In September of 2013, the first DM2 workshop in Ukraine was held in the capital city of Kiev for the purpose of training disciple makers. While many of those who attended were from the Word of God Bible College in Kiev, we also had a number of Christian leaders from all over the country, from Kharkov on the eastern Russian border to Lviv on the Polish border in the west. Since that time, the DM2 ministry seems to be settling into two cities in particular, Lviv in the west and Baryshivka, which lies about an hour east of Kiev. Vasya Munko, pastor of Lviv Bible Church, and Zhenya Safchenko, pastor of the Living Water Bible Baptist Church in Baryshivka, have laid a foundation of both Romans 1-8 and Romans 9-16 in both cities that has an outreach to other churches in the area. Both pastors also have able men involved in teaching more and more as we train them in the curriculum. It has been a real blessing to watch these men grow into their disciple-making roles, and we pray for further progress in these areas as we now plan to dig down deeper into these cities with more DM2 workshops. We also had another successful Romans 1-8 workshop in Kiev and are trusting that someone in the capital city can pick up the discipleship banner there and move forward. Please pray for this.

JOHN CLARK:

This past year has been challenging for our dear brothers and sisters in Liberia. Not only have they been dealing with the Ebola virus but also with the widespread fear that comes with it. Our plan to continue the DM2 training of 40 Liberian church leaders had to be put on hold, including cancelling trips in November, 2014, and March, 2015. Our prayer and hope is to return in November, 2015, to begin afresh with our group there. Miraculously, the virus has not impacted our Field Directors or their families, but they have been impacted in another way: Their faith is growing! An excerpt from a recent email states, "Things were really tough, but the Lord proved himself faithful in all of the trials and hardship that came our way. My faith has truly been strengthened by the Ebola crisis." Prior to the outbreak, many of the pastors and leaders who attended our Romans 1-8 training in March, 2014, were re-teaching it to their churches, but because the government advised controlling crowds in churches and other public places, their efforts slowed. However, as things have begun to improve with the virus, these leaders in Liberia are resuming the training with one of our Field Directors starting the Romans curriculum with 18 of his key "younger" leaders. Praise the Lord as His Word continues to be communicated and transferred to future disciple-makers!

BRAD RIGBY:

Proverbs 29:18 states, "Where there is no vision, the people perish." For two years now, our team (myself, Craig Northcott, and Drew Smith) has been taking God's vision to Asia. We have taught Romans 1-8 twice, once with the assistance of five local teachers; the Disciple-makers' Workshop; and Romans 9-16. Approximately 40 attendees faithfully come to learn God's Word with us.

We challenge these nationals to take all they learn and replicate it to others in their villages, over the hills and mountains, and throughout the whole of the country. We encourage them from the Scriptures to respond to God's call to "GO" (Matt. 28:18-20; Acts 1:8). Some of these men have already made "Gospel trips" (as they refer to them) to outlying areas.

In April of 2015, we will return for our fourth workshop and will teach the book of Galatians. We have been invited to teach in a village that speaks a different language and will extend our trip to teach a second workshop there. This is exciting! It means that the Romans 1-8 curriculum will be translated into yet another language. It means that another 50 men will be exposed to God's message and the vision to "GO" to a whole new group of people. It means that the Gospel message and biblical teaching will spread into yet another area of the country. This is the DM2 model, Christ's model for evangelism.

In Acts 17:6, unbelievers said of Paul and Silas, "The men who have upset the world have come here also." May these men and women "upset their world" with the message that "Christ died for their sins according to the Scripture, was buried, and raised on the third day according to the Scriptures" (1 Cor. 15:3-4). Please pray for them to be effective in their ministry to share the Gospel and biblical teaching so that this entire country is changed by the power of God's message.

DAVID HOWARD:

Starting in the fall of 2012, Bret Nazworth, Larry Depue and I traveled to Zambia for an exploratory trip to teach Romans 1-8. Although we were warmly received by the pastors and leaders, the initial response to Romans 1-8 was, at best, skeptical. The teaching that one's eternal salvation was through faith in Christ and not of works was met with a general sense of "Does the Bible really say that?" This was a teaching that the pastors and leaders had not received before.

As we taught the sanctification passages in Romans 6-8, we were able to juxtapose salvation from the penalty of sin with salvation from the power of sin. The Holy Spirit used the teaching of the three tenses of salvation to expose legalism and a works-based assurance of eternal salvation that simply was not advocated by Paul or any other writer of the New Testament. While somewhat skeptical, the leaders did invite us back. Rather than teach something new, we decided to teach the same thing again, and our surveys showed a marked improvement in comprehension of what was being taught.

The second time we taught Romans 1-8, the message really clicked with a core of the pastors. Enthusiasm replaced skepticism. They could not wait for the sequel of Romans 9-16 so they could receive the practical application of what they had just learned in Romans 1-8. To date, DM2 has taught Romans 1-8, Romans 9-16, the Panorama of the Old Testament and Galatians. Galatians was a great way to reinforce Romans after teaching a survey course like the Panorama of the Old Testament. This spring we will be teaching the Life of Christ in the gospels. The reputation of DM2 and the training of leaders has really grown. Now pastors and leaders from the military, police force and other government agencies attend. What started out "a little rough" has turned into a group of enthusiastic leaders that are teaching the Word accurately and intentionally in a way that will raise up a strong core of teachers and leaders in Zambia. Praise to God and many thanks to Joseph Chama and his faithful core of leaders in Kasama! They are a blessing to DM2 and there is a bond of trust between us that has come through a common interest in "teaching others to teach others" (2 Timothy 2:2).

TOMMY NORTHCOTT:

DM2 started teaching its curriculum in Sierra Leone in 2011, and with each trip the Sierra Leone field has proven to be rich with church leaders who hunger for the true Word of God. Many religions are active in Sierra Leone with Christianity being one of the minorities. Christians there are bombarded with many heresies that cater to man's lust to take credit for the work of salvation and the spiritual life. Our core group is rich with testimonies of how freeing it is to understand the true Gospel of grace through the Person and work of Jesus Christ. Our Field Director Michael Turay has done a wonderful job of helping to establish a core group of church leaders who represent almost all the major regions of the country. Michael also arranges the conferences and keeps the core group focused on the intended method of taking the curriculum and teaching others in their area. The DM2 method of providing disciples with the tools to make more disciple makers is proving effective in Sierra Leone as our core group continues to hold their own conferences to teach the material in their local areas.

Sadly, DM2's last two conferences with our core group had to be cancelled due to the Ebola epidemic that has swept through the country. To our knowledge, the Lord has been gracious to protect our core group from being infected with the deadly virus. The Lord's grace shines not only through His protection of His church, but also through the growth of the church as the people of Sierra Leone seek comfort in the true Gospel of Jesus Christ. Please be in prayer that the Ebola crisis will be resolved in time for our next scheduled trip in November to teach the Galatians curriculum.

Bolivia

The field of Bolivia continues to amaze us. Having recently finished year five of our ten year plan, Bolivia is the farthest along in our disciple-making program. While we love watching these men and women delve ever more deeply into God's Word, even more exciting is seeing the impact for God on their individual churches. As they take back the teaching, their congregations are being transformed both spiritually and numerically. Their growth comes largely through their witness to the lost. These changes have not been without obstacles. Sadly, they are constantly pressured by denominations and opposition groups that want to see the progress of the true grace Gospel stopped. Pray for DM2 and the leaders of Bolivia to remain faithful in their disciple-making.

"Come!" And let him who hears say,
"Come!" And let him who thirsts
come. Whoever desires, let him take
