

Dear Praying friends,

This month we are highlighting some of the ways God has blessed DM2 by allowing us to partner with like-minded organizations in fulfilling the Great Commission. It has been our privilege to provide these organizations with exegetical outlines they can use in training their audiences in contexts and places we will never reach. It is a pleasure to be able to facilitate their ministries by providing them with curriculum, since they do all the heavy lifting. An added blessing for us is that through this partnership DM2 manuals get translated into the various languages where they are needed.

From the beginning of our mission in French Polynesia until now, DM2 materials have been central to our Bible ministry. With our two main groups, we have taught through **Women of the Word, Romans 1-8**, and **Mastering God's Message**. It seems on every page we receive enthusiastic appreciation for the teaching: "Alleluia!"; "That's so deep!"; "I never realized that!"; and "Merci Seigneur" (Thank You Lord!). But much more than this, over our three years of ministry, we have seen many lives transformed by the message of God's grace and fidelity. Our mission field has been under the tyranny of legalism and tradition for as long as anyone can remember. But now, one by one, as our students experience God's grace for the first time, we see the light go on and the transformation begin. We also have a dedicated translator who is working through the materials, module by module. The **Making Disciple Makers** curriculum is finished and more will be translated into French soon. We thank God for DM2 on the islands of Tahiti and Moorea.

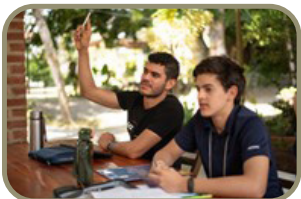

Jeff Phipps (Artios Ministries Brazil)

For the past ten years, Artios Ministries (also known as Bible Framework Brazil) has been equipping teachers using DM2 curriculum. This partnership has been instrumental in advancing the Lord's work in Brazil.

Thanks to the generous support of DM2, we've been able to train pastors in numerous books of the Bible. What makes this effort particularly impactful is that these pastors return to their congregations and teach the courses verse by verse, enriching their churches with sound biblical teaching.

We are thrilled to share that a fully independent training center is now operational in the Northeast, in the city of Natal. This center is staffed with trained teachers and equipped with all the necessary logistical and staff support needed to continue the work of biblical edification. As Artios Ministries transitions its focus to Southern Brazil, our goal is to replicate this effort there, establishing another center to expand verse-by-verse teaching.

All of this has been made possible by the support we receive in the form of sound Bible teaching material. We are deeply grateful to the DM2 team and to our Lord, whose grace continues to guide and sustain us as we press further into Brazil, spreading His word.

DM2 materials are multi-adaptable. We use them in various ways. We are teaching DM2 **Daniel** every other week in Mogilev at the Word of Life Church on Sunday afternoons for about 2 hours. This is going great. Last fall, with the help of Pastor Andrei, we finished the **1 Corinthians** curriculum, meeting on Monday evenings every other week for a few hours.

In a study connected to Minsk International Fellowship, my wife Caren and daughter Rachel are teaching the DM2 **Women of the Word** curriculum.

I am also using various DM2 curriculums as reading material for a leader named Aminul, a Christian convert from Islam who speaks pretty good English. I am doing this to shore up the Bible training he received in Malaysia. We hope to convert his studies into an associate's degree in

Bible with the International Baptist Bible College. He has already studied through the **Panorama of the Old Testament, Proverbs, Panorama of the New Testament**, and we continue on to the **Panorama of the Life of Christ**. We hope to do something similar for another potential student in Armenia whose name is Isaac.

Thanks to war conditions in Ukraine, we have not been able to do the typical DM2 studies there. Right now, I am just taking what I can get.

WBM Grace Seminary has been training pastors in Honduras for several years. A short time ago, I began working with them to bring DM2 training to their students. Recently we taught the book of

Ephesians verse by verse in Guaimaca, Honduras. More than thirty attendees, including pastors and leaders from different regions of the country, were taught and then equipped with all the materials needed to immediately teach others. This is the heart and soul of DM2 (Matt. 28:18-20, 2 Tim. 2:1-2).

 - Pray for CC3D Bolivia in Cochabamba, Tupiza, and Santa Cruz.
 - Pray for financial provisions for each outreach.
 - Pray for Brad Rigby, Craig Northcott, and Drew Smith January 17-26, 2025, as they teach Romans 9-16 in Cameroon.
