Disciple Makers Multiplied (DM2) is in its 13th year of ministry. Born from humble beginnings, we had a lofty vision of reaching this world with the life changing message of the gospel by setting in motion a disciple-making process that would replicate itself and power forward until Christ returns.

So, at the end of 2024, the question is "How are we doing with this goal?"

Since we are committed to the empowerment of the Church of Jesus Christ rather than to growing a ministry (DM2), it is difficult to measure our overall impact worldwide. In our endeavor to set in motion the principles of the Great Commission, we have avoided taking ownership of the various individuals and ministries that use our methods and materials. God is the owner of the vineyard. His methods and plans are to be shared and taught to the masses.

We believe, by the grace of God, we are making progress. Since the pandemic that spawned the first 3D training center four years ago, God has continued to bless disciple-making worldwide.

Just this morning I spoke with a Bolivian pastor who was trained by DM2 in the years before the pandemic. He is just one example of many. This pastor has now trained 15 men in his church who are all outstanding teachers of God's word. These teachers are leading people to Christ, bringing them into their church, and then immediately taking them through the same training they received from their pastor. As a result, this church has grown exponentially. In February, they are hoping to start their own 3D training center. The elders have been divided over this issue, not because they didn't want to have a training center in their church, but because several of the elders who had day jobs wanted to be part of the teaching team. They are presently trying to figure out a way to involve all the elders. In the meantime, churches from around the city are coming to this church to investigate the model of disciple-making they are using. One leader who has an

international ministry interviewed the leadership of the church. His response was that what they are doing is "revolutionary." Another Christian leader begged the elders to come teach a whole group of churches their approach to ministry.

Ultimately, we would love to see 3D implemented in churches around the globe (especially in countries where DM2 has already trained leaders) for the purpose of training the next generation to fulfill the Great Commission. Currently, two new training centers in Bolivia are poised to start in February and we are hopeful to begin another in a local assembly in Canada in September 2025.

We are also looking to have the 3D program available to people everywhere via the internet so that anyone can access it either as a student or as an auditor, regardless of where they may live. This is not meant to replace our in-person training centers but rather to make the teaching of God's word available globally.

Along this line, churches and individuals continually approach us wanting to use DM2 materials in their churches, Sunday schools, colleges, or individual Bible studies. Until now we have not made our materials easily accessible, but we hope to change this soon. Our desire is to make the materials available in a printed format with the PowerPoints available for download.

Directly or indirectly God has allowed us to bless many countries with our training materials, including Brazil, Honduras, Venezuela, Argentina, Liberia, Zambia, Cameroon, Egypt, India, Canada, Mexico, and the USA.

There is so much more to be done in fulfilling the Great Commission, and we would humbly ask you to join us in this venture. How can you help?

- First and foremost, we need your prayers. We need God's enabling strength and guidance as we often feel weak and helpless against the enormity of the challenges.
- Secondly, we need manpower. There are fields to be opened but we need skilled, willing, and empowered leaders.
- Thirdly, without the direct financial support of like-minded brothers and sisters in Christ, our efforts are greatly impeded.

As we come to the end of 2024, would you consider becoming a partner with us in this global task, either through prayer, through going, or through helping financially?

Love in Christ,
